

Harry Potter Theme

John Williams

Melody

The first measure of the melody is represented by a horizontal bar divided into four segments. The first segment is empty. The second segment contains a green square. The third segment contains a grey circle, a grey rectangle, a black oval, and a blue circle with an arrow pointing up and to the right. The fourth segment contains a grey circle, a grey rectangle, a green circle, and a yellow circle with a long horizontal bar extending to the right.

The second measure of the melody is represented by a horizontal bar divided into four segments. The first segment contains a blue circle with a long horizontal bar extending to the right and an arrow pointing up and to the right. The second segment contains a grey circle, a grey rectangle, and a black oval. The third segment contains a blue circle with an arrow pointing up and to the right, a brown circle with a long horizontal bar extending to the right, and another blue circle with an arrow pointing up and to the right. The fourth segment contains a green square and a long green horizontal bar extending to the right.

The third measure of the melody is represented by a horizontal bar divided into four segments. The first segment is empty. The second segment contains a green square. The third segment contains a grey circle, a grey rectangle, a black oval, and a blue circle with an arrow pointing up and to the right. The fourth segment contains a grey circle, a grey rectangle, a green circle, a brown triangle with a long horizontal bar extending to the right, and a red triangle with an arrow pointing up and to the right.

The fourth measure of the melody is represented by a horizontal bar divided into four segments. The first segment contains a red triangle with a long horizontal bar extending to the right. The second segment contains a black circle with an arrow pointing up and to the right. The third segment contains a red triangle with a long horizontal bar extending to the right, a green oval, a yellow circle with an arrow pointing up and to the right, and a yellow square with a long horizontal bar extending to the right. The fourth segment contains a black circle and a grey circle with a long horizontal bar extending to the right.
