

Figurenotes Guitar

Remove both E strings and the B string

Put top E in the B string position

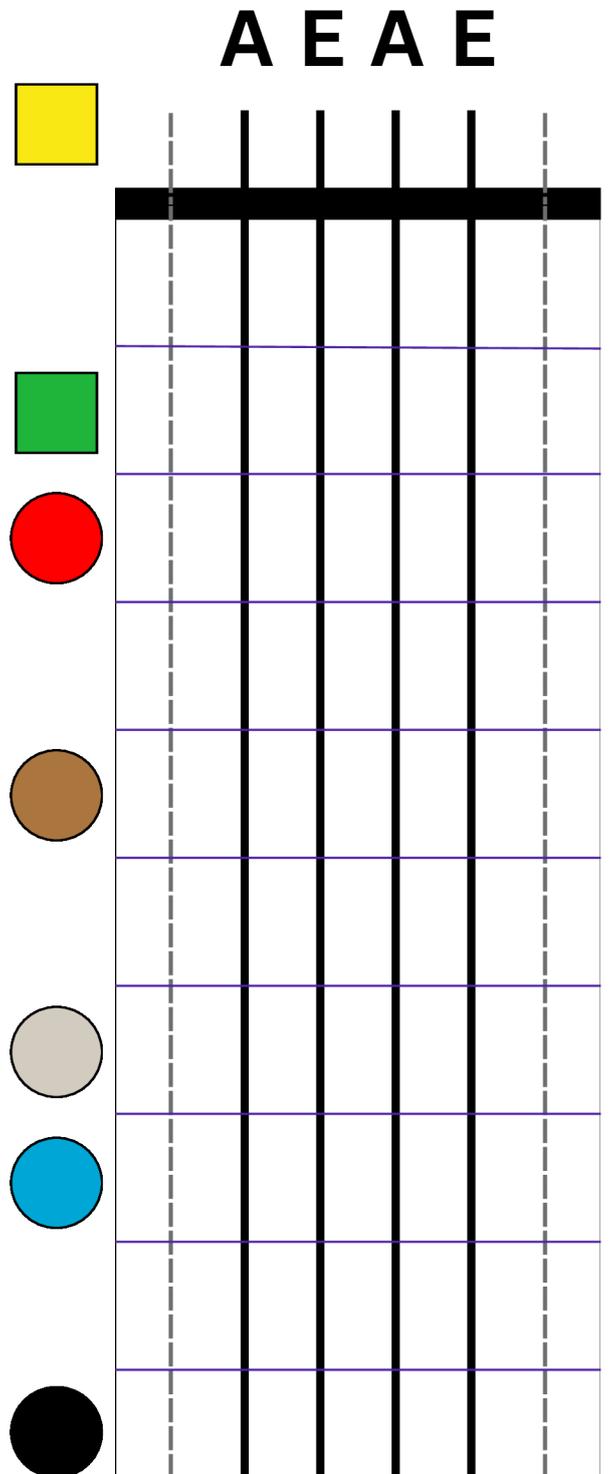

Tune to A E A E

Place stickers up the neck nearest the player - *Yellow goes behind the nut*

Barre the strings and strum. It won't matter if your chords are major or minor.

Move your hand up and down the neck depending on the colour you need.

You can also play melody lines on the strings by putting stickers on each note, as needed.

Remove bottom E

Remove B and
replace it with
top E
