

Rhythm Bingo 2

This BINGO game uses Figurenotes notation with more complicated rhythms than **Figurenotes Bingo 1**. We explore dotted rhythms and triplets. Listen to the caller and find the matching passage on your bingo card.

How to play:

-  Nominate one person to be the bingo caller. Hand out the BINGO cards to the rest of the group.
-  The caller randomly selects a rhythm from the caller sheet and claps/plays it. When a rhythm is called, each player must find and mark it on their card. You can use counters or a pen.
-  The first player with a line or row shouts BINGO and is the winner of the round. You can also play for a 'full house', where the entire card must be completed.

Top Tips

We recommend laminating this resource. You can also pop the bingo cards in a plastic pocket for a less permanent solution. For big groups, try a dry-wipe marker to tick off your bingo card instead of making lots of counters.

If printing, use pencils or counters to mark your bingo card.

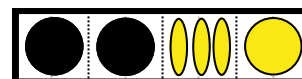

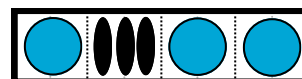

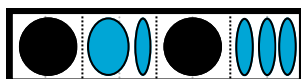

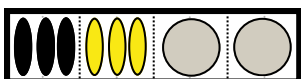

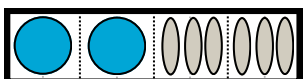

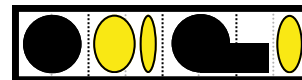

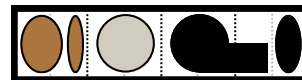

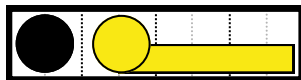

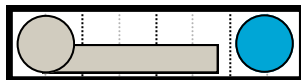

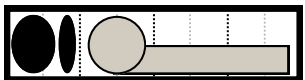

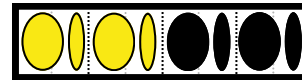

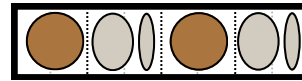

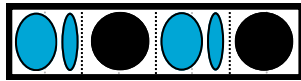

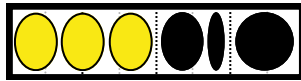

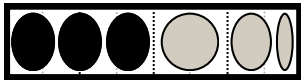

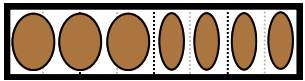

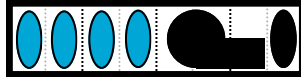

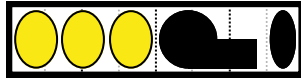

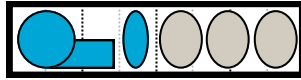

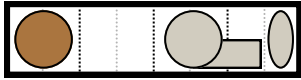

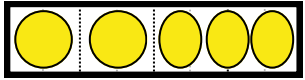

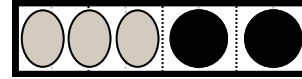

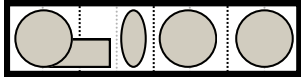

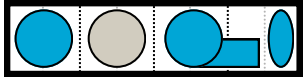

Remember to count 1, 2, 3, 4 or similar to establish pulse. When playing rests, we suggest replacing a rest with a 'sh' sound or something similar to begin with. You can also use open hands to show the rest when clapping.

Structure

Try playing this with stage 1 bingo cards before moving to stage 3.

When moving to stage 3 notation, you can ease the transition by showing the stage 1 notation when the caller plays the passage.

This resource uses rhythm and pitch. Try **Rhythm Bingo 1** for an easier starting point.
