

Two boxes containing dot patterns for the first sequence of shapes. Each dot has a letter 'T' next to it.

- Red circles: 12 dots in two columns of six. The first dot in the first column is 'T'. The first dot in the second column is 'T'.
- Brown circles: 6 dots in a single column. The first dot is 'T'.
- Grey circles: 6 dots in a single column. The first dot is 'T'.
- Blue circles: 8 dots in two columns of four. The first dot in the first column is 'T'. The first dot in the second column is 'T'.
- Black circles: 6 dots in a single column. The first dot is 'T'.
- Yellow circles: 2 dots in a single column. The first dot is 'T'.
- Green circles: 4 dots in a single column. The first dot is 'T'.

Below these are several columns of empty circles for tracing, corresponding to the colors and quantities above.

Two boxes containing dot patterns for the second sequence of shapes. Each dot has a letter 'T' next to it.

- Grey circles: 4 dots in a single column. The first dot is 'T'.
- Blue circles: 6 dots in two columns of three. The first dot in the first column is 'T'. The first dot in the second column is 'T'.
- Black circles: 4 dots in a single column. The first dot is 'T'.
- Yellow circles: 2 dots in a single column. The first dot is 'T'.
- Green circles: 4 dots in a single column. The first dot is 'T'.
- Red circles: 2 dots in a single column. The first dot is 'T'.

Below these are several columns of empty circles for tracing, corresponding to the colors and quantities above.
